**RE- THINK YOUR REMANUFACTURING
WITH MAGNETONE PCRS**

MAGNETONE

E-NEWS

MARCH 2007/ISSUE 02

What Does A Good Primary Charge Rollers Do For You ?

WHAT DOES A GOOD PRIMARY CHARGE ROLLER DO FOR YOU?

- + Prevents streaking, ghosting and backgrounding.
- + Ensures even prints for a complete cartridge cycle.

With scarcity of empties for new laser engines and deterioration in quality of OEM PCRs (most cannot last an entire 2nd cycle), we set out to produce reasonably priced rollers with unrivalled quality to help recharges keep their cost low.

At Magnetone, you are assured at only the best quality rollers! Now available for the most popular printer applications @ very attractive prices.

Call a Magnetone Sales Rep for a quotation today!

RECENT IMPROVEMENTS:

- + Roller formulation is fine-tuned, ensuring there is no noise during cartridge usage.
- + Layer of powder on surface prevents PCR from sticking to drum even during extended storage time.

OUR QUALITY ASSURANCE

The quality of products is fundamental to the continued growth and success of Magnetone. Our aim is to ensure that our product offer exceeds customer expectations in terms of performance, consistency and compatibility.

Magnetone operates a rigorous product testing procedure to ensure that all products meet the requirements of our exacting technical specifications

OUR EXPERIENCE

With more than 12 years experience in the imaging industry, Magnetone's forte lies in manufacturing innovative products and developing printing solutions for remanufacturers worldwide. We continuously expand product lines to help create more profit opportunities for our customers.

OUR INNOVATION

Besides manufacturing own range of Magnetic Roller Sleeves, Aluminium Seals (OEM-Style), Clear Plastic Seals and Chemicals (PCR Cleaner, OPC Drum Cleaner, Mag Roller Coating, Mag Roller Cleaner, Conductive Grease & Wiper Blade Lubricant), we also source and distribute only the highest quality toner cartridge components. Products by Magnetone are developed and manufactured under very stringent processes.

Magnetic Roller Sleeves in particular, are specially developed to match the range of drums and toners available at Magnetone, providing matched components and instant solutions to rechargers.

THE SINGAPORE ADVANTAGE

Singapore is located at the crossroads of the east-west trading routes, at the very heart of Asia and its teeming markets. Being one of the most dynamic cities in the world with a globalised economic environment, Singapore is the best place to do business in the Asia-Pacific region by the EIU (2003 survey).

With main sales and distribution office located in Singapore and serving customers from more than 30 countries around the world, we believe it to be an ideal shipping point to the Asia Pacific region as well as to many other important trade and commerce centres in the world.
