# PRESS RELEASE

**Magnetone Launches Patent-Free Canon Copier Drum Units  
Featuring Superior Quality Components – Synergy OPC Drums,  
Primary Charge Rollers & Wiper Blades**

**Singapore - March 2008:** Magnetone is pleased to introduce 2 copier drum unit models – GP-215 & iR-2200, which are compatible for use in GP-210/220/225 and iR-2800/3300/3300i respectively.

Extensive tests have been conducted in the field as well as by Magnetone's R&D on the Canon drum units to ensure that they are fully compatible with OEM and most of the popular aftermarket copier toner. The drum units will help to significantly improve printing efficiency, adhering to OEM standards for yield, print resolution and consistency, thereby exceeding customer's expectation with their overall performance.

All Magnetone copier drum units are packed in generic boxes with full colour printing.

## **About Magnetone Singapore**

Magnetone Singapore Pte Ltd is one of the fastest growing and largest distributors of compatible laser and copier cartridge components for the remanufacturing industry in the region. The company maintains uncompromising commitment to product quality and constantly strives to meet the demands brought by the rapidly advancing printer technologies, ensuring that its product offering exceeds customer expectations in terms of performance, consistency and compatibility.
