TECHNICAL INSTRUCTIONS - REFILLING OF DC-C400/450 TONER CARTRIDGE

STEP 4

Refill with new compatible toner and attach toner cap. Ensure toner cap arrow is aligned with arrow on toner cartridge (as shown).

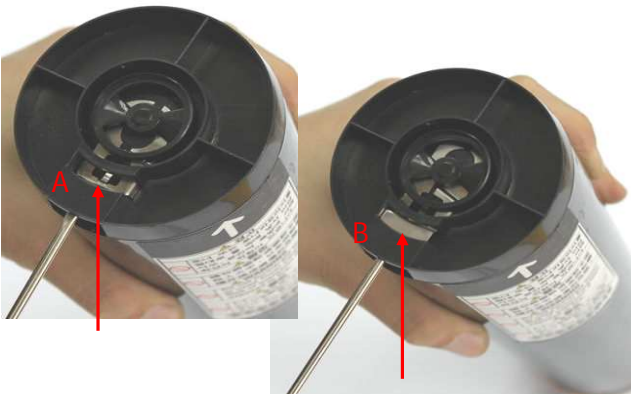

Clean toner cartridge exterior with Toner Wipes*.

* [Check out Magworks range of chemicals and accessories here.](#)

STEP 5

Apply black sealing tape round the toner cap.

STEP 6

Locate metal slot (A) at the bottom of toner cartridge and push it gently with a flat screwdriver (B).

Cartridge is now ready to be installed.
